

Dear Brothers and Sisters;

The Colorado Avalanche has teamed up with the Denver FireFighters Burn Fund again for the 3rd annual Hockey Night fundraiser. Thank you for your tremendous support in the past, and we hope that your members can help us out again this season. We were able to raise over \$5,000.00 in the first two years for the Children's Hospital Burn Unit, because of the generosity of Colorado FireFighters. Hopefully you will be able to forward this flyer on to your members and get the information out.

Please contact me for tickets, more information, or questions.

Fraternally,

George Baker
